Greetings All,

The Boston Slammers is hosting their annual Golf Tournament on Friday, June 10th 2022 at the Ridder Farm Golf Course. We are excited to collaborate with the Boston Athletic Academy on this tournament. The Slammers organization is an all-girls baseball team created in 2017 for travel baseball. Due to the success of our programs over the past four tournament seasons, the program has received multiple requests from girls in New England wishing to participate in the Slammers program.

In this fifth year of tournament play, the Slammers organization has expanded its rosters in an attempt to answer those wishes, and plans to offer new age groups that include players 10yrs to 18yrs old. The program is looking to send seven competitive teams this summer to the 2022 Baseball for All National tournament at the Future Legends Complex in Windsor, CO. With the roster expansion, comes an expansion in costs, hence the organization's decision to host its fifth annual golf tournament. The tournament information is included in the registration form. Hope to see you there!

Thank you,

Boston Slammers Girls Baseball / Boston Athletic Academy
